

Cryoflex Bulk Delivery Hose*

Manufactured with multiple layers of nylon fabrics and films, this hose is designed to eliminate "Snowblock" - ice buildup inside the hose. Ideally suited for liquid carbon dioxide service. Features include:

- Light and flexible.
- Less force to flex.
- Eliminates fatigue failure.
- Excellent abrasion resistance.
- No external braid wires.
- Easy to move and drag.

Size	Max. Working Pressure	Static Bend Radius
1"	350 PSI	6.00"
1-1/2"	350 PSI	7.00"
2"	350 PSI	8.00"
3"	350 PSI	10.00"
4"	300 PSI	20.00"

*Not cleanable for oxygen service.
